Mr. Bundy reported that the Joint Chiefs have taken a negative view with respect to the proposal that we exchange a bombing cessation of North Vietnam for an effective ICC presence in the DMZ. It was decided to wait until Secretary McNamara returned before proceeding further. In the meantime, some response should be given to the Canadians, and consideration should be given to discussing with them their conception of what an effective ICC might be.

Mr. Cooper discussed the visit to Hanoi of two French scientists. The two Frenchmen will leave Paris early in the week of July 10. They had de Gaulle's permission to make the trip although he categorically stated that this was not an official French mission. The group is taking with them a variant of the "Phase A - Phase B" proposal which would permit some replacement of both supplies and men on each side as part of "Phase B".

It was agreed that Mr. Unger, who will be in Germany in the course of the next two weeks, should go to Oslo to talk with the Norwegians about contacts the Norwegian Ambassador in Peking had with his North Vietnamese colleague.

Governor Harriman asked about emigre activities in
